

ZHYTOMYR LASOSHCHI

Zhytomyr Lasoshchi. Top quality for a reasonable price

The confectionery factory "Zhytomyr Lasoshchi" is a manufacturer of a wide range of confectionery products: from various chocolates and toffees to wafers and cookies. The factory has been operating since 1944 and is one of Ukraine's leading confectionery enterprises. Our uniqueness lies in a combination of advanced production technologies and high-level industrial expertise with traditional values of consistent quality and natural taste. Our enterprise offers premium quality products with a wide range of packaging, as well as a flexible customer-focused approach.

Brief information about the company

Our company has seven production workshops where 20 technological lines are located, capable of producing up to 150 tons of finished products daily with highly equipped warehouses with a total capacity of 2000 tons. We sell our products through a distribution network throughout Ukraine and abroad. We deliver to multiple major chain supermarkets in Ukraine and have an experience of working with leading Private Label manufacturers.

Bureau Veritas Certification

Export

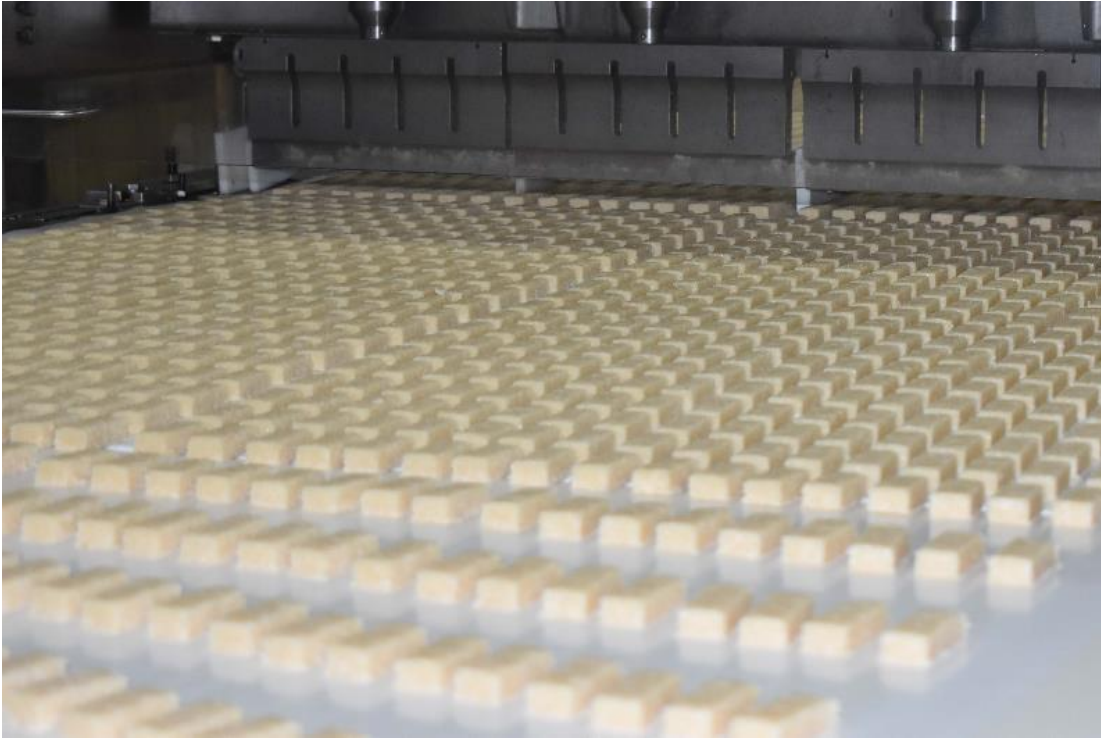

About 35% of the production volume is successfully exported to the USA, Canada, Germany, UK, Portugal, Italy, Moldova, Romania, Greece, Bulgaria, Sweden, Finland, Lithuania, Latvia, Estonia, UAE, Bahrain, Saudi Arabia, Libya, Tajikistan, Uzbekistan, New Zealand and to other countries. We are actively expanding into new international markets through strategic tools and market research.

ComBars line - 1

These modern technological lines enable the production of bars and candies with a vast range of ingredients like protein nougat, soft caramel, nuts, cereals, candied fruits, pralines covered with milk or dark chocolate. Each line has an hourly capacity of 650 kg per hour and over 150 tons per month.

Bars

Milk chocolate bars with delicate vanilla nougat, peanuts and soft caramel in the classic version, or an energy boosting version with added caffeine and taurine. We are also constantly adapting to the demands of our customers.

Milk chocolate bars with delicate vanilla nougat and a layer of soft caramel.

Milk chocolate bars with a fragrant coconut filling.

Multi-cereal bar

Multi-grain bars with a glazed base, filled with crunchy oat and corn flakes, rice balls, peanuts, raisins, natural honey, dried apricots or prunes.

Chocolate candies

Milk chocolate candies with delicate vanilla nougat and soft caramel.
Produced with or without peanuts.

Exclusive chocolate candies

Candy with peanut crumbs and a crushed peanut paste in a milk chocolate glaze.

Peanut brittle covered in dark chocolate.
A hazelnut version could also be produced.

Nougat

Melt in your mouth chewy candies made from delicate nougat paste with a bubble gum flavor.
The current colorings are pink, blue and light green.

ComBars line-2 for a production of chocolate candies with various fillings, thin layer of soft caramel in a milk or dark chocolate.

The production capacity is 800 kg per hour and over 150 tons per month.

Exclusive chocolate candies

Milk chocolate candies filled with soft caramel, praline with peanuts, crispy rice balls or fragrant and fluffy coconut filling.

A mix of dark chocolate (55% cocoa) with salted caramel and delectable fillings: praline with cognac flavor, praline with hazelnuts, or pistachio paste with crushed pistachios.

Packaging formats

250g / 1kg Packages

Fudge

Powerful automatic Fudge production line, with a capacity of up to 200 tons per month. Assortment includes fudge with a rich taste of condensed milk, sea salt, with or without peanuts etc. Packaged in a double twist or in convenient zip-locks that preserve the freshness and aroma of toffee.

Wafer production

Our company has two technological lines for the production of multilayered wafers of various shapes and flavors, glazed and unglazed, with sugar and with the use of sugar substitutes such as maltitol and oligofructose. The production capacity of the wafer workshop is over 260 tons per month.

Chocolate wafer candies

Chocolate wafer candies with a rich chocolate filling.

Chocolate-wafer candies made using Italian technology, with crispy wafers and a Belgian chocolate filling.

Wafers with various fillings.

Wafers with an aromatic milky filling.

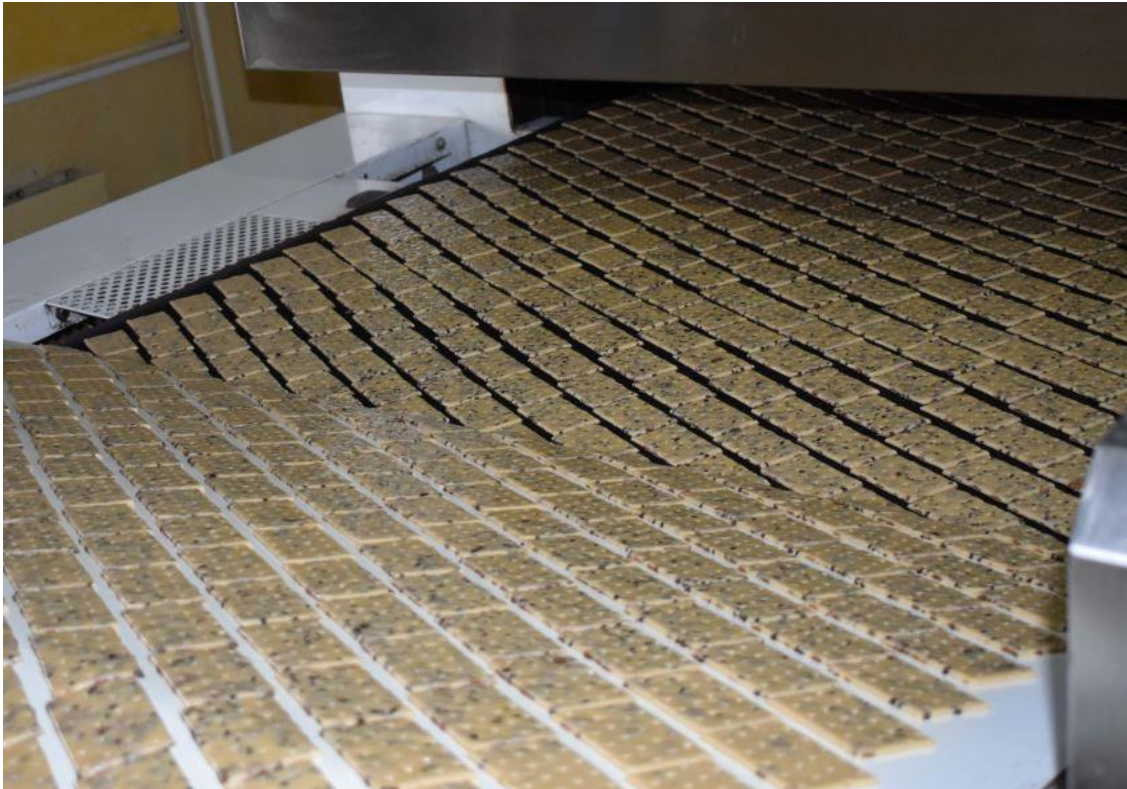

Wafers with an exquisite chocolate filling.

Biscuit production

Our company has three powerful biscuit production lines:

- 1) Garibaldi line which produces Sultana-like biscuits with different fillings. The line can produce up to 500 kg per hour and over 130 tons per month;
- 2) Powerful line for the production of popular Maria biscuits and animalistically shaped biscuits;
- 3) Line for the production of sugar cookies in various shapes and designs. The total capacity of the Biscuit workshop reaches 800 tons per month.

Short dough cookies with added raisins and chocolate drops.

Short dough cookies with added raisins.

Short dough cookies with raisins, dried apples and cinnamon.

Healthy short dough cookies with no added sugar, filled with raisins and freeze-dried strawberries.

Healthy short dough cookies with no added sugar, filled with raisins and freeze-dried blueberries.

Healthy short dough cookies with no added sugar filled with raisins and freeze-dried cherries.

Sugar cookies lines

A technological line that allows the production of sugar cookies. The line can produce up to 600 kg of products per hour and over 105 tons per month.

Sugar cookies

Traditional delicate sugar cookies with a sweet aroma of baked milk.

Diet versions

Caring for the health and taste of our consumers, the factory's technologists have developed a range of diet products in which sugar is fully or partially replaced.
